

Let's make more of a change.

Change Liverpool is a chance to help people who are rough sleeping or may be homeless in Liverpool. We want to ensure help can be given to those in need, and make a change with your money if you can help.

Why Change Liverpool? Because your help can go further.

We're coordinating Liverpool's outreach response to people who are rough sleeping. By providing information about someone you think may be sleeping rough you will be helping us ensure no one ever needs to sleep for a second night on the street.
