

# IMPORTANT NOTICE

## ROAD CLOSURES

### **City centre fun run event - Sunday 3rd December 9.30am**

The annual Liverpool Santa Dash will take place in Liverpool city centre on the morning of Sunday 3rd December and it is expected to attract between 6,000 and 8,000 people to the city.

The 5K fun run will commence at 9.30am and runners will leave Canada Boulevard via Brunswick Street to access the main waterfront roads which will close at 9.25am until 10.00am approximately.

The runners will follow a route along the following roads before finishing at the Town Hall in Dale Street -

**Salthouse Quay, Gower Street, Wapping, Strand Street, James Street, Lord Street, North John Street, Victoria Street, Stanley Street, Dale Street, Vauxhall Road, Leeds Street, Old Hall Street, Union Street, Rumford Place, Tithebarn Street, Moorfields and Dale Street.**

There will be a traffic management plan in force which will involve road closures and / or lane restrictions on the morning of the event from approximately 6.00am.

Traffic restrictions have been kept to a minimum, the roads affected will be reopened as quickly as possible when the runners pass through and it is safe to do so.

#### **RESIDENTS ACCESS - Heading for Mann Island**

George's Dockway will be used as the access and exit route and will be managed by the event traffic management team. This will be in operation from 6.00am when Canada Boulevard will be closed for setting up the event, until Canada Boulevard is reopened.

There will be a full closure of George's Dockway at 8.55am for about 20 minutes when no traffic movement is allowed as runners exit Canada Boulevard via Brunswick street onto The Strand.

#### **RESIDENTS ACCESS - Westmorland Drive, Cockspur Street, Princes Gardens, Prussia Street, Highfield Street and Pall Mall.**

It should be possible to exit these locations until 9.00am when a safety review of the course will take place prior to the scheduled 9.30am start. After 9.00am it will be difficult to exit these locations until approximately 10.30am when the fun run will have passed Hatton Garden. Once runners have passed this point it will be possible for residents at these locations to exit via Cheapside and Sir Thomas Street.

It is expected that runners will have cleared Vauxhall Road and Leeds Street by 11.00am after which time the roads will be opened and normal vehicle access reinstated.

#### **RESIDENTS ACCESS - Old Leeds Street, East Street, Bixteth Street, Rigby Street, Virginia Street, Prussia Street, Edmund Street, Ormond Street, George Street, Union Street, Rumford Place, Old Hall Street.**

As Old Hall Street forms part of the course there will be restricted traffic movement to and from the locations listed. It will be possible to exit the immediate area via Bixteth Street / Tithebarn Street. Care should be taken while driving along Tithebarn Street as there will be runners on the road approaching Moorfields.

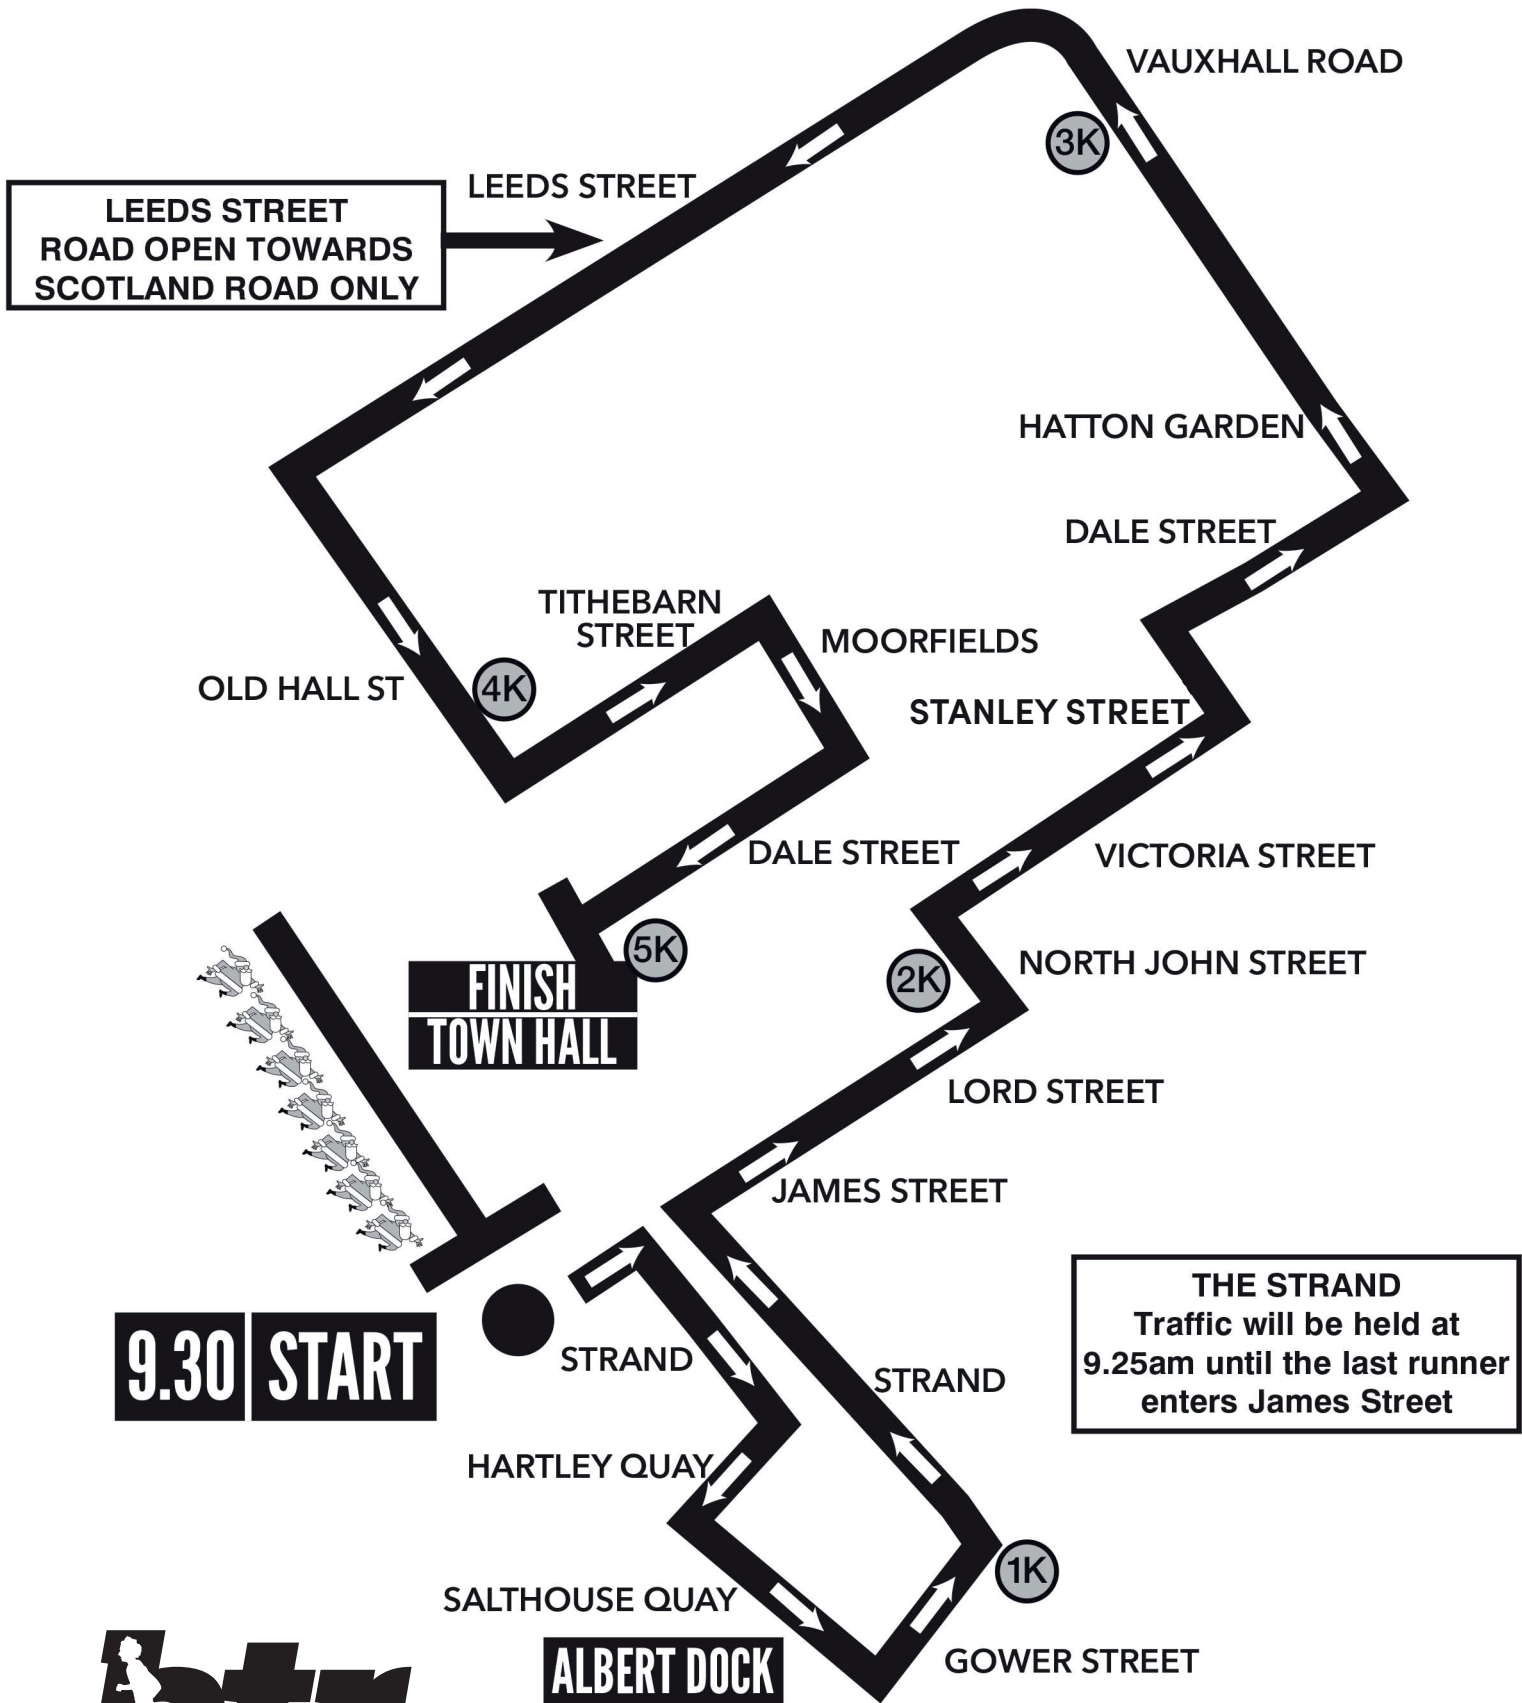

Controlled access across the runners at the junction of Tithebarn Street and Vauxhall Road will be managed throughout the event, although when there is a mass of runners all traffic will be held.

Traffic movement will be restricted until approximately 11.00am and when runners will have passed through these locations and the roads re-opened for normal traffic movement.

**If you require any further information about the arrangements for the day please contact -**
